“A model of care has been developed specifically for families whose infant is likely to die before or after birth. Often called “perinatal hospice,” it’s a way of caring for both the baby and the baby’s family before, as well as after, birth.”

Third Sunday of Easter April 14-15, 2018

An underlying lesson from all three readings this weekend is that the Risen Christ has wiped away our sins, not only for individuals, but throughout the world and its history. The terrible power of sin has now been reversed and our coming to perfection through the love of God is part of the Easter experience. As stewards of God's love we are called to participate in Christ's redemptive activity. The stewardship questions for us are many: How do we resist injustice at home or in the workplace? How do we confront violence in our language and attitudes? How do we bring Christ to others?
